The Association for The Multiple Impaired Blind, Inc. (AMIB)'s mission is to promote community integration and participation of people who are blind or visually impaired and have multiple impairments by providing opportunities for community living, training and support.

AMIB operates under the principle that each individual, regardless of their disabilities, was created as a unique person with an inalienable right to enjoy experiences while living within a community, the right to responsibility, and the right to offer their contribution to the richness and fullness of our society. AMIB is dedicated to ensuring that the people they serve are given their opportunity for full inclusion.

We do this by providing around-the-clock physical and healthcare services at each of AMIB's group homes. Activities related to personal hygiene training, range of motion therapy, and recreation are incorporated into resident's daily lives, based on their personal interests and individual considerations.

AMIB
Association for the Multiple Impaired Blind, Inc.

Each individual, regardless of their disabilities, was created as a unique person with an inalienable right to enjoy life while living within a community, the right to responsibility, and the right to offer their contribution to the richness and fullness of our society. AMIB is dedicated to ensuring that everybody given their opportunity for full inclusion.

The Association for Multiple Impaired Blind is the **only** nonprofit human services organization in New Jersey that provides residential group home services for people who are blind or visually impaired and have multiple impairments. Since 1968, we have led the way in New Jersey by:

- Incorporating complete accessibility design into home environments to allow individuals to 'age in place' prior to moving in;
- Creating individualized day support services to individuals with blindness/visually impairment and intellectual/developmental disabilities;
- Being the first to provide nurse train-the-trainer insulin injections to clientele;
- Among the first to bring individuals with gastrointestinal feeding tubes from hospitals back to community group home living;
- Among the first to recognize hospice in group homes as a viable option.

AMIB's community-based group homes provide adults with visual impairments and I/DD with:

- 24 hour quality care & assistance
- enhanced socialization
- self directed day services
- self advocacy
- volunteer opportunities
- recreation
- theatre
- arts & crafts
- college classes
- religious groups
- caring staff
- safety and security

"Without AMIB, I would not feel that my son has found peace, a place to grow, happiness, friends, and even a second family." - AMIB Parent

"AMIB truly cares about its people. They are not just meeting state and federal requirements - they advocate for those who cannot advocate for themselves. " - AMIB Parent

"We have peace of mind knowing our child is safe at home with AMIB." - AMIB Parent
